UFLUO-HAND: The All-in-One Solution for Fluorescence Detection

At **UWAVE**, we are committed to providing complete and efficient solutions for your fluorescence detection needs. The **UFLUO-HAND** is designed to offer versatility and performance, tailored for applications requiring precision and reliability across multiple wavelengths.

With its broad range of wavelengths covering **UV-C, UV-B, UV-A**, and visible or infrared spectra, the **UFLUO-HAND** is the perfect tool to enhance your workflow.

Why Choose UFLUO-HAND ?

- **Broad Wavelength Range:** From 255 nm to 940 nm, covering UVC, UVB, UVA, visible or infrared spectra.
- **High Homogeneity:** Ensure uniform light distribution for precise detection.
- **Easy to handle :** Simple one-touch operation ensures effortless use.
- **Portable :** Lightweight and compact design for maximum portability and ease of use.

KIT-UFLUO-HAND

The kit includes :

- 1x UFLUO-HAND
- 1x 18V 1,5Ah Rechargeable Battery
- 1x Battery Charger
- 1x UV Protective Glasses

Advantages of Our Complete Kits

- **All-Inclusive Accessories:** Delivered with all necessary components for immediate use.
- **Battery Performance:** Up to **5 hours of autonomy** for uninterrupted operation.
- **User Safety First:** Includes protective glasses to ensure safe handling of UV equipment.
- **Easy Transport:** Comes with a durable, portable case for convenience.
